

ALL WESTERN COMMERCIAL POLICYHOLDERS  
MOTOR CARRIER ACT OF 1980

The Federal law passed in 1980 has an effective date of July 1, 1981. We feel you should be advised of the potential impact if the law affects your commercial operation.

The final Department of Transportation regulations have now been released and are available to your legal counsel. We urge you to review your operations with your counsel to determine what action you should take to assure compliance with this new Federal Law.

Following is a brief synopsis of some of the requirements. This brochure is not intended to discuss the Act in its entirety but simply to give you a general guide. You may be required from owners/operators of commercial vehicles.

The Act affects the following:

- (1) All interstate carriers "for hire".
- (2) All private and public carriers of "hazardous waste" involved in interstate commerce.
- (3) Private or public carriers engaged in transporting "bulk" oil, hazardous materials and wastes whether in interstate or intrastate commerce ("Bulk" means these substances are transported in quantities in excess of 3500 gallon quantities).
- (4) And the gross vehicle weight of 10,000 lbs. or more.
- (5) Any carrier with ICC filings.

WHO?

The Act specifies higher financial responsibility limits. There are time frames within which to increase the limit requirements, but from the inception the required limits apply.

WHAT?

- (1) Category 1. \$500,000 single limit for interstate carriers "for hire".
- (2) Category 2. \$1,000,000 single limit for interstate carriers of HIGHLY HAZARDOUS MATERIALS. This applies to private and public carriers, whether interstate or intrastate.
- (3) Category 3. \$500,000 single limit for interstate carriers of OTHER HAZARDOUS MATERIALS.
